Subject: Southeast New York Stormwater Conference Attendance
Attachments: 2013_seny_conference_brochure.pdf

Pls find attached a program outline discussing an upcoming Southeast NY Stormwater Conference, to be put on by the Lower Hudson Coalition of Conservation Districts at the Dutchess Manor in Beacon on October 16, 2013, which I would like to attend. The seminar's focus is on "Green Infrastructure for Wet Weather: Cleaner Water and Safer Communities", and will specifically address the following topics:

- latest on green infrastructure (GI), highlighting ways green infrastructure techniques could make communities more resilient to severe weather
- NYS Stormwater Program updates
- floodplain management policy, preservation of green infrastructure, and discussion on funding options

The Town Board's authorization of this request would be appreciated. The cost of the seminar is only \$125.00. Should you have any questions, please let me know.

RE: Tuition Reimbursement Request – Spring/Summer 2013

I am requesting 50% reimbursement under the PBA Contract, Article XVII – Education and Training, Section 5 for the following classes as a requirement for a degree in Homeland Security Leadership and Policy. This degree meets the requirement of “police related courses” since the degree emphasizes management skills, such as needs assessment, human resources, training, diversity, and emergency management. This program takes public safety leadership to those who are looking to lead their fields in public service leadership, such as criminal justice.

Please find attached invoices paid for BTM7107, MGT7019, SKS7000, and BTM7104, with my grades for those classes. There are no additional fees or cost for textbook. For the each class the invoices are for \$2,114 for a total paid \$8,456. Per the contract 50% is eligible for reimbursement for a total of \$4,228.

Please feel free to contact me if you have any questions or concerns.

Subject: Request by the Mahopac School District

I received a request from Mr. Earl Bellows, a Mahopac School board member, who requested if the Town could donate a light bar to the school district for their security vehicle.

We have an extra light bar that we are not utilizing and probably will never utilize again, because it is the older model that draws a lot of electric current. The school district plans to utilize yellow lenses on the light bar so that it will not have the red and blue lights that a normal police vehicle would possess. The light bar is a Whalen Edge 9000 light bar--- a serial number was not found on the equipment. The equipment was originally donated to us by the Mahopac FD and was formally utilized on the police boat. Please advise me if you approve of this donation of excess equipment.
