Dear Mr. Stone:

The Town of Carmel Environmental Conservation Board granted a Wetland Permit No. 852 for the referenced project. The permit was effective for two years, expiring on January 19, 2015.

As you know, the construction of Croton Falls Pumping Station is on-going and is anticipated to continue for several more years. Therefore, the New York City Department of Environmental Protection respectfully requests a two-year extension to this permit. Enclosed is a check for \$50, the required fee for the permit renewal.

Thank you in advance for your assistance with this project. Please send all correspondence to me at the address on this correspondence. Should you have any further questions, please contact me at 845-669-8444.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael P. Svoboda'.

Michael P. Svoboda, P.E.
