TOWN OF CARMEL

PUTNAM COUNTY, NEW YORK

CARMEL WATER DISTRICT NO. 2 WATER MAIN LINING PROJECT

CONTRACT C265

TO ALL PROSPECTIVE BIDDERS:

This addendum is issued this day in conformance with Article 7 of the Instruction to Bidders, included in the Contract Documents. The information contained in this addendum is intended to clarify, supersede, replace, or supplement the Contract Documents as specified herewith, and shall be made an integral part of the Contract. This Addendum must be attached to each bidders Contract Documents and submitted along with his bid. This addendum has been prepared to modify information contained in the Contract Documents.

Town of Carmel

Contract C265  
Contact Person: John E. Folchetti, P.E.

1. Request for Information:

The following requests for information were received in conjunction with the extension of time for receiving questions:

- a. *We request that the deadline for submitting the proposal be extended by 7 days, to February 23.*
- b. *In light of the voluminous, multiple recent addenda (number 4 just being received today – 50 pages long), the postponements in prebid meetings and the numerous unexpected delays and impacts from extreme, inclement, unusual and unexpected weather events (with even more snowstorms being predicted over the next several days), Metra Industries respectfully requests a two-week time extension for receipt of bids. Kindly confirm if this request can be granted – we feel a job of this magnitude and stature is deserving of it and that it would serve to the best interest of all concerned parties since time is being affected by these unforeseen conditions.*

**JRFA Response:** The Bid opening will be held in person at the Town of Carmel Town Hall at 11:00AM February 16, 2021.
